PIAB Load Cells

PIAB is a Swedish company which since more than 40 years, develops, manufactures and markets high quality instruments for force and load measurement.

Throughout the years new high performance load cells and instrument have been developed from long experience and know-how.

PIAB has an extended network of distributors all over the world and a high proportion (approx. 80%) of it's products are exported.

PIAB Force Measurement has, since 1994, been certified according to SS-EN ISO 9001.
