

High Speed Production Round Sling Machinery

Round Sling Machine Pro

The RSM Pro can run up to 8 round slings at the same time.

The RSM Pro can run single path round slings with working load limits up to 28 tonnes.

The RSM Pro can be supplied to run sling lengths up to 18 meters.

The RSM Pro is a very efficient machine with all the time saving benefits associated with modern and efficient high speed production.

RSM Pro	Technical Data
Standard Range of Sling Capacities (working load limits)	1 - 28 Tonnes (Design Factor 7:1)
Standard Range of Sling Lengths	1 - 18 meters
Dimensions	L: 1950 cm x W: 165 cm x H: 122 cm
Weight	2,750 kgs
Standard Power Supply	220V, 3-phase, 60 Hz
